## Numbers Worksheet

Practice tracing the numbers to get used to making the shapes, and then practice drawing them without a guide. Try making up your own variations too!  
(Tip: using a brush pen will help achieve a natural thick-and-thin line variation)

## Ampersands Worksheet

Practice tracing the ampersands to get used to making the shapes, and then practice drawing them without a guide. Try making up your own variations too!

## Flourishes Worksheet

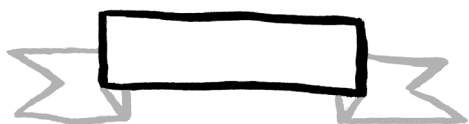

Practice tracing the flourishes to get used to making the shapes,  
and then practice drawing them without a guide. Try making up your own variations too!

## Banner Worksheet

Practice tracing the banners to get used to making the shapes, and then practice drawing them without a guide. Try making up your own variations too!

TIP: Start with the space you'd like to fill with text, then determine the direction of the pennants, and then draw the pennants themselves.
